DETAILED ACTION

Drawings

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the gas bag module and a steering wheel must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim ~~12~~¹²⁻¹³ is rejected under 35 U.S.C. 102(b) as being anticipated by Szigethy ('190). Szigethy discloses a gas bag module 10 including an inflator mount 14 and two fastening arms 64 configured integrally with said inflator mount 14 and a fastener part 12 configured integrally with a steering wheel, said fastening arms 64 entering into a snap-action connection with said fastener part 12 and clasping said fastener part 12 in a connected condition to connect said gas bag module and said inflator mount 14 with the steering wheel.

Regarding claim 13, said fastening arms comprise hooks having contact surface areas and said fastener part 12 comprises a concave contact surface area 74 into which said contact surface areas of said hooks engage in said connected condition.

Claim Objections

4. Claims 14 and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Allowable Subject Matter

5. Claim 7-11 are allowed.

Response to Arguments

6. Applicant's arguments with respect to claims 7-15 have been considered but are moot in view of the new ground(s) of rejection.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Faye Fleming whose telephone number is (703) 305-0209. The examiner can normally be reached on M, T, Th and F (9:00-5:00).
